

*Addendum to*  
**MC145574EVK/D Rev. 1.0**  
**ISDN S/T-Interface Transceiver Evaluation Kit**

March 24, 1999

This addendum applies to the following sections of MC145574EVK/D, Rev. 1.0:

- Appendix A, MC145574EVK Electrical Board Schematic (Analog Part of the Board)

The following pages have been amended. Please take the time to make a permanent note of these changes in your book. Updates are also posted at the Motorola ISDN web site: [www.motorola.com/isdn-chips](http://www.motorola.com/isdn-chips)

**Appendix A, MC145574EVK Electrical Board Schematic (Analog Part of the Board)**

Page:

5-1 The RJ45 pinout connection on RJ45 (NTST1 and NTST2) is not compliant. The following table shows the pins as they should be:

Pin Number	As Currently Shown	Correct Pinout
Pin 1	NC	NC
Pin 2	NC	NC
Pin 3	RxP	RxP
Pin 4	TxN	TxP
Pin 5	TxP	TxN
Pin 6	RxN	RxN
Pin 7	NC	NC
Pin 8	NC	NC

Information in this document is provided solely to enable system and software implementers to use Freescale Semiconductor products. There are no express or implied copyright licenses granted hereunder to design or fabricate any integrated circuits or integrated circuits based on the information in this document. Freescale Semiconductor reserves the right to make changes without further notice to any products herein. Freescale Semiconductor makes no warranty, representation or guarantee regarding the suitability of its products for any particular purpose, nor does Freescale Semiconductor assume any liability arising out of the application or use of any product or circuit, and specifically disclaims any and all liability, including without limitation consequential or incidental damages. "Typical" parameters which may be provided in Freescale Semiconductor data sheets and/or specifications can and do vary in different applications and actual performance may vary over time. All operating parameters, including "Typicals" must be validated for each customer application by customer's technical experts. Freescale Semiconductor does not convey any license under its patent rights nor the rights of others. Freescale Semiconductor products are not designed, intended, or authorized for use as components in systems intended for surgical implant into the body, or other applications intended to support or sustain life, or for any other application in which the failure of the Freescale Semiconductor product could create a situation where personal injury or death may occur. Should Buyer purchase or use Freescale Semiconductor products for any such unintended or unauthorized application, Buyer shall indemnify and hold Freescale Semiconductor and its officers, employees, subsidiaries, affiliates, and distributors harmless against all claims, costs, damages, and expenses, and reasonable attorney fees arising out of, directly or indirectly, any claim of personal injury or death associated with such unintended or unauthorized use, even if such claim alleges that Freescale Semiconductor was negligent regarding the design or manufacture of the part.
